Description

Established in 2013, this Tacoma-Pierce County area concrete business has built a profitable book of residential and public comcrete without a website or social media presence. Generating a million-dollar+ annual revenue, with net of approximately $475,000.Services includes driveways, steep-grade replacements, RV pads, patios, walks, steps, sidewalk replacement, flatwork repair and resurfacing, and decorative finishing such as overlays and coloring, right-of-way and community sidewalk repairs and more.Customers have rated the company 5.0 on HomeAdvisor as well as give it a 97% rating on BuildZoom. Reviewers described them as top-notch in both craftsmanship and communication. Adding a website, social media, a Google Business page and a presence on Yelp, presents a huge opportunity for a buyer to add these tools and increase marketing to scale this already profitable operation.NDA Required
